

## **ARCHIVES REPORT**

Very little has happened with the archivist position this year. I received a large shipment of AMICA BULLETINS going back into the early 1990's from John Motto-Ros. These are presenting a significant storage problem and in an attempt to eliminate some of these back issues, attendees at the upcoming Heart of America Amica summer event will be given the opportunity to take what they want. Several requests for back issues have been filled. I encourage members needing back issues of THE AMICA BULLETIN to contact me.
