

TEST ROLL PROJECT

Summer 2008

Two years ago I offered to operate a Test Roll Project, making available to AMICA members a variety of test rolls for their player pianos at cost. Since its inception, I have had 40 requests for test rolls. Most of these requests were multiple roll orders. Thanks to the perforating expertise of Bob Billings, this project has been a success.

At the present time there are five Ampico, one Recordo and one Welte test roll titles in the "catalog". If a Duo-Art perforator with "snake bites" were available in the U.S., we would probably have a Duo-Art test roll as well. A limited number of the rolls in stock will be at the Mart for purchase.

Test Roll Project

Date	Num	Description	Category	Amount
07/11/06	DEP	Mike Walter	Test Roll Project	656.85
10/31/06	DEP	Test Roll Project	Test Roll Project Income	482.00
